Hammar Manual Remote Release System (MRRS), MK 1 for  
liferrafts

With reference to the documents attached to your letter 1992-12-10 and fax 1993-02-24, this Administration has accepted Hammar Manual Remote Release System (MRRS) (based on approved HRU type Hammar H20) to be installed on board Swedish ships in addition to the manual release required by regulation 13.4 chapter III of the 1974 SOLAS Convention as amended 1983, and national regulations.

Hammar MRRS is accepted by this Administration provided that it is manufactured in full compliance with drawing no R20-1 and material specification 1993-02-24. MRRS shall be installed according to the Installation Instruction No.1 dated 8.4.91.

Each MRRS delivered by the manufacturer shall be accompanied by installation instructions and a water resistant sign with appropriate operating instructions.
